

GRANT SUMMARY

Completed Grant Summaries are made available to the public on the State Water Resources Control Board's (SWRCB) website at <http://www.waterboards.ca.gov/funding/grantinfo.html>

Date filled out: 3/23/2007

Grant Information:

1. **Grant Agreement Number:** 06-178-558-0
2. **Project Title:** Middle Santa Ana River Pathogen TMDL - BMP Implementation Project
3. **Project Purpose - Problem Being Addressed:** This project supports the recently approved Middle Santa Ana River (MSAR) Bacteria TMDL, which requires local NPDES stormwater permittees to initiate a comprehensive water quality monitoring program, conduct a source evaluation investigation for discharges in urban areas, and, ultimately, to implement measures within their respective permitted areas designed to prevent pathogens in urban stormwater from impairing designated beneficial uses, especially full-contact human recreation (REC-1).
4. **Project Goals**
 - a. **Short-term Goals:** The proposed project will pilot test BMP technologies designed to reduce bacteria from storm runoff in coordination with a watershed wide bacterial source evaluation program.
 - b. **Long-term Goals:** The pilot study and source evaluation results will be used to identify useful BMP control strategies and prioritize areas for BMP implementation.
5. **Project Location:** Lat: 34.01417 / Long: -117.68889, watershed: Middle Santa Ana River
 - a. **Physical Size of Project:** The MSAR watershed spans 490 sq.
 - b. **Counties Included in the Project:** San Bernardino, Riverside
 - c. **Legislative Districts:** Assembly: 59, 61, 62, 63, 66, 71 and Senate: 29, 31, 32, 37
